Introduction

English Steps is an English academy which runs intensive general and business English courses for adults in Leeds, UK. All our courses include accommodation with qualified English teachers.

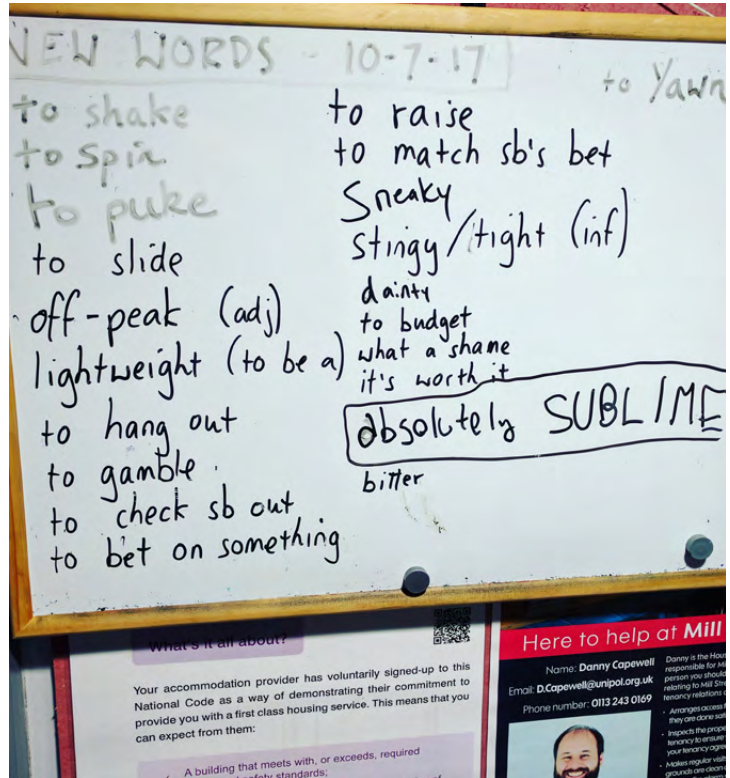

Differences

– 3 Important things about your stay with us –

1. You will be living with a qualified and experienced English teacher at all times.
Minimum 70 hours per week practising English
2. We have an average of three students per class, making sure you receive a lot of individual attention.
3. Our activities, social events and work experience are designed for adult English learners to increase your English speaking time, and also give you valuable experience, which looks great for your CV!

Lessons

*We know that your lessons are important to you,
so we make them the best*

All lessons take place in our city centre apartments, with qualified, experienced teachers and materials designed to help you learn exactly what you want and need to learn. Our teachers have a range of styles and accents, and we use innovative techniques to improve your speaking and listening skills in real-life situations.

Because of the small group sizes, you will receive a lot of individual attention, mainly in speaking and listening, but also reading and writing (especially as homework).

You will have 3 different teachers each morning, and living with an English teacher means that any problems you have with your English are instantly noticed, and your teachers will be advised on what topics to cover with you. In fact, your lessons continue all day - we will be correcting you at lunch, dinner and in the evening!

Our teachers have a lot of experience teaching Cambridge exams (PET, FCE etc) as well as IELTS, TOEIC and English for Medicine, Business or Legal purposes.

Our Teachers

All the teachers at English Steps are qualified to Cambridge University CELTA level or above. We have a team of teachers who have a lot of experience in many different areas: exam English, medical and legal English, business English, and also teaching different levels from beginner to advanced. Read about some of our teachers below:

Harry set up English Steps Courses in 2012 with help from friends, colleagues and family. He has a Law degree from Sheffield University and an Oxford Trinity CertTESOL qualification in teaching English (he is currently studying for a masters level qualification part time). He has experience teaching in private and public schools in England, Morocco, Spain, Belgium and Northern Ireland. Harry is interested in sports, charity work and cinema.

Val loves her career as an ESOL teacher, having gained her Trinity CertTESOL certificate in early 2012 following a previous long career in the healthcare sector. Outside of work, Val enjoys fellwalking, music and holidays.

Andy is CELTA qualified and has been teaching General and Business English for the last 15 years and has trained teachers in grammar and phonetics. He has taught in China, Poland, Slovakia, Turkey, Chile, Colombia, Libya, Russia, Vietnam and Sicily.

Accommodation

Each student has their own double room in one of our city centre apartments, including a desk to work on. A qualified English teacher will be living in your apartment too, helping you to learn English in your free time. All our apartments are in the same block so you can visit other students and teachers.

- Cooking -

We have chefs who prepare our food, and take into account any dietary requirements. We believe that cooking and eating together is an important part of English culture and a good opportunity to practise using your English, while eating great food! We welcome help from students with washing up and new recipe ideas - especially for the international buffet activity!

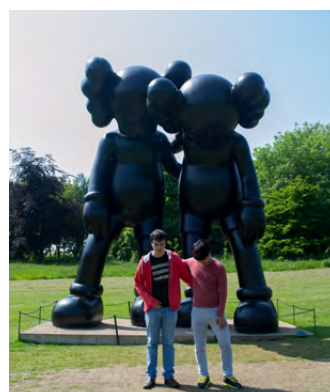

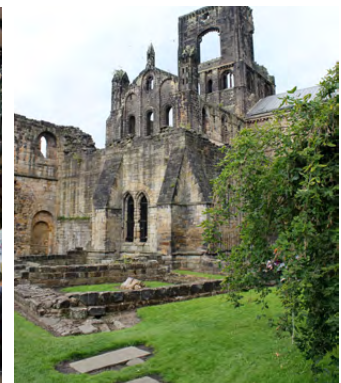

About Leeds

Leeds has a fantastic location in the centre of England. You can travel to London (2h 20m), Manchester (1h), and Edinburgh (3h) by train, or explore the fantastic national parks only 25km away.

Leeds is the 3rd biggest city in England (population 750,000), and is much cheaper (and friendlier!) than London. It has 3 universities, numerous historical buildings, great shopping and even better night-life!

Situated in Yorkshire, there are many historical towns to visit also. Lonely Planet travel guide recently put Yorkshire as the 3rd best place to visit in the world! There is plenty of sport here too, with international cricket and rugby stadia 10 minutes from our houses, and the stadium for Leeds United also in the city.

Activities

Afternoons

Every afternoon we organise different activities to help you use the English you have learnt in your morning lessons. Accompanied by native English speakers you can go to museums, visit historical cities, play games, and do practical workshops on interview questions or speaking on the phone etc.

Evenings

In the evening we organise more social activities for you to do, always with native English speakers. We do pub quizzes, movie nights, language exchanges, and more - on all our activities you only pay for transport and entrance costs, but we try to have free options available.

Weekends

Saturdays and Sundays are your free time. We help you organise trips and activities so there is always something happening. You can also use our discount codes to go on organised trips to different cities with www.citylife-leeds.com

Work Experience

You have to choose English Steps for 3 reasons:

- The quality level of the lessons is excellent: each teacher adapts to your level and help you improving with his own method. That is why having the opportunity to attend 3 different classes a day is definitely a great way to develop your confidence in English
- You will never get bored: There are plenty of activities planned every single day. Some are focused on English (language exchanges/ presentations...) but some others are fun-oriented
- You will live a real life experience: Thanks to Harry, the volunteers and the teachers, you can be sure that you will be in an friendly environment. Everyone is integrated to this group, speaks in English all the time so that there is no chance you can be by your own.

I only spent 2 weeks inside English Steps but I wish I could have stayed much longer.

The best English course ever! Very talented, professional and amazing teachers! Harry and all the volunteers were nice, gentle, friendly and helpful. I learnt a lot in these two weeks. It is more than a course, it is a truly full immersion in English culture. It was a great experience with great people!

When I decided to go to English Steps, at first I wasn't really sure that an adult student like me could have found such a perfect place to stay. The accomodation is in a perfect position, near many pubs and the city centre. All the teachers use a different approach, but each activity is really involving, funny and perfectly planned to improve your English. Lunch and dinner time were my favourite, when you could speak in English with all the group. I met wonderful people and, even though I stayed there for only one week, I realised how important this experience has been both for my career and for my human development.

English Steps is a beautiful experience to improve English and meet new friends. I spent a month at the school and I recommed it. Lessons are very interesting, fun and never boring, with lot of different activities and games. And teachers are so friendly and lovely. I enjoyed living with other students and English speakers and sharing everything during the day, afternoon and evening activities and free time, all time speaking English. It's impossible don't improve English! Leeds is a very nice and easy-going city with many places to visit; so you can spend your free time around the city or exploring the Yorkshire region. I had a great experience thanks to English Steps, Harry, all teachers and students!
